Telegraphic Address
"SENORGEN"

OFFICE OF THE SENIOR SURGEON,
MYSORE GOVERNMENT,
Dated Bangalore, the 28th January *192*2.

FROM

The Senior Surgeon with the Government of
His Highness the Maharaja of Mysore,
Bangalore.

6 - FEB 1922

To

The Secretary to Government,
Revenue Department,
Bangalore.

SIR,

I have the honour to state that the formulae now in use in Hospitals and Dispensaries in the State for the preparation of Standard Mixtures &c., were prescribed year ago and in spite of their having undergone revision about the year 1908, many of them have become out of date and obsolete, as the Pharmacopoea itself has undergone radical changes since and Medical Science itself has made advances. With a view to revise the formulae and bring them up-to-date, I appointed a Committee consisting of the following Medical Officers, who, have submitted the accompanying draft of the "Pharmacopoea" for the use of Hospitals and Dispensaries in Mysore". I have gone through the draft, which, with the addition of the prescription for "Ear drops" No. (18) made by me, is sufficiently exhaustive. I request that Government may be pleased to authorise the use of these formulae in

Mr. S.Subba Rao.
" B.G.Sreenivasacharya.
" G.S. David.
" C. Narayana Rao.
Dr.(Miss) J.Jhirad.

in all the State and aided Medical Institutions in Mysore and to direct the Superintendent, Government Press, to -- print and supply 500 copies in book form. The cost of printing could be recouped by making each Medical Institutions to purchase a copy out of its contingencies and by making copies available for sale to the Public in which case each private practitioner and proprietor of Chemists and Druggists Shop is likely to go in for a copy. The price may be so fixed se as to allow a fair percentage of commission, if necessary, to the agency entrusted with the sale of the copies.

I have the honour to be,

Sir;

Your most obedient servant,

K B Raghavendra

SSR-BVA. Senior Surgeon.
